

# Regional Veterinarian

Bring your veterinary science expertise and communication skills to this challenging role where you will contribute to meat hygiene and animal welfare in Ontario!

## About the job

In this position you will have both regulatory and advisory responsibilities. You will:

- provide expert veterinary advice and support to a variety of internal and external partners
- support the provincial meat inspection system by providing advice, regulatory approvals, plant audits, interpretation of standards and regulations and the development and delivery of training for ministry staff, operators and stakeholders
- maintain current knowledge level by regularly reviewing pertinent veterinary and meat hygiene literature as related to zoonotic disease and meat hygiene
